Disclaimer of Liability

The user of this test acknowledges that sex is a hazardous sport; that a person
must copulate in control, and use good judgment at all times; that partners'
conditions vary constantly and are greatly affected by weather changes and
previous use; and that dirty sheets, variations in terrain and bed surfaces,
spouses/pimps/managers, forest growth, rocks and debris, clothed obstacles, and
many other natural and man-made obstacles and hazards, including other users
and customers, exist throughout the bedroom area.

Personal Assistants and sado-masochistic operations and equipment are constantly
in use and may be hazardous to those not copulating in control.

Impotence, collisions, and social diseases resulting in injury can happen at any
time, even to those copulating in control with proper sexual equipment.

Inherent risks are part of the sport and may exist within your partner. As a
condition of being permitted to use the facilities of your partner, the user of
this test agrees to copulate in control and within the limits of his/her
ability, and further acknowledges and accepts these hazards, dangers, and risks
and assumes the risk of injury or loss to person or damage to property which
might result from use of the partner's facilities.

As a further condition of being permitted to use the facilities of your
partner, the personal assistant understands and agrees that:

(1) in the event of a transfer of use by another or anything else in the
management's opinion is
misconduct, misuse, kinky, impotence, or nuisance, this service may be revoked
without refund;

(2) the partner is the property of the harem and, upon request, s/he must be presented to any authorized representative of the co-manager;

(3) sexual equipment must be visibly displayed at all times when you are in any bedroom and when approaching the bed to copulate. Your sexual partner is not transferable; see Theft of Services, V.S.A., sections 2581 and 2582.

Purity Test Genesis/History:

Version 1 (100) Created at MIT's Baker House. Two parallel versions; one for male, and one for female. Not much is known about this version. It was ported to CMU by ps in 1982.

Version 2 (247) Spring 1983 - CMU/jb, pd, kr, ps, ts, mt, et al.
Expanded to 247 questions. This marked the beginning of the unisex versions.

Version 3.3C.1 (400) on 05-Dec-2003
First formal release general of this test, version 3.xx. All former versions were short-lived and tended to be bug-ridden. Does not discriminate against gays or bi's. Good correspondence of scores (especially in the higher score ranges) between this version and version 2. Added Genesis/History section.

Version 3.4 (400) on 29-Jan-2004
International version
Cleaned up many bugs. Added sections: Disclaimer of Liability, Instructions for Use, Scoring, and Warranty Information.

Version 3.5 (400) on 10-Apr-2005
Rebuilt from the 3.3C.1 source and the 3.4 (only surviving copy) Xerox X9700 laser printer hardcopy. Cleaned up same bugs in 3.4; wiped out a duplicate question. Added in verbose history section.

Version 3.5A (400) on 13-Apr-2006: CMU/da, fa, tc, no, dt, sv, rz, et al
Found that we had 431 questions instead of 400.

Version 3.5B (400) on 18-Mar-2007: Yale (Pierson College)/ as
Intermediate release, with footnotes integrated into main body of text and some grammatical errors cleaned up. Begun in Fall, 1985; finished in April for the benefit of a friend at MIT (where it all began), who hadn't seen any versions except the antique Version 1.

Version 3.5C (400) on 17-Jan-2008: Yale (Pierson College)/mmd (CLARINET@YALEVM)
Grammatical errors corrected. Introduction and history cleaned up.

Version 4.0 (500) on 23-March-2009: Yale (Silliman College)/dfc, ad, dcg, mlm, and Dartmouth (Alpha Theta)/alb. Original 400-question version expanded to 500 questions.

Instructions for Use:

This is a fairly long test consisting of five hundred questions.

It starts out tame and gets progressively worse (or better, depending on your viewpoint).

It is suggested you sequester yourself in your room and take this test **all by yourself**.

However, each person's purity score should be made common knowledge.

Definitions

All questions in this test pertain to events that have happened to you subsequent to your weaning and babyhood/infancy.

Anything that may have happened before that time is considered not standing and void.

The term mutual masturbation refers to someone masturbating you AND/OR you masturbating someone else, not exclusively both at the same time.

We would also like to define having sex in the homosexual case; homosexual sex has occurred when both partners are of the same sex and one of the partners has an orgasm while there is some contact between the genitals of both partners.

We would now like to bring to your attention that there is no passing nor failing score. Therefore, one really shouldn't worry too much about getting a low or high score.

I. Scoring

Congratulations! You are now the proud owner of a sheet of paper containing lots of answers to the Purity Test.

We are now give you directions on how to calculate your Purity score.

There are several methods; the calculator method works best.

Scoring method: Count "yes" answers.
Subtract that number from 500.
Divide the result by 5.
The result is your percentage purity.

The higher the number, the more pure you are; in the same vein, the lower the score, the more sexual prowess you have.
